Subject: QAPP App F

Hello Eugenia and Mike:

After submitting the QAPP package to you for review, Duane Ono our Deputy APCO, noticed that I had left out Appendix F, which is a copy of Other Test Method 30, that describes the District's Dust Identification program and analysis in detail. A copy of Appendix F is included below for your use in the review of the District's QAPP. I apologize for the oversight. Please feel free to contact me with any questions or clarifications that you may need as you and your staffs review the document.

Thank you for your help.

Sincerely,

Chris Lanane
